

Annex 6: Feedback to Global community Safety and Resilience Framework

Task	Output
<p>Q1- Considering your NSs' work building resilient communities over the last five years:</p> <ul style="list-style-type: none"> • What have your NSs been doing? • What are the significant changes and developments that have occurred? • How have your NSs responded to these developments? • What 	<p><i>Philippines, Malaysia, Brunei</i></p> <ul style="list-style-type: none"> • Started integration more than 5 years. But under different terminology • No duplication of services • We are able to maximise our resources • Easier access to funding • Positive responses, able to get support from CSR for both Health & after disaster recovery • More support earned
	<p><i>Timor-Leste, Vietnam</i></p> <ul style="list-style-type: none"> • Watsan (Capacity building, monitoring...) • CBHFA (Capacity building, FA, road safety) • CBDRM/ CBDRR/ DRR/ CBRR/ CGDP, DRR (CB, VCA) • Livelihood • Relief operations • Community fund raising • Integrated planning, activates and implementation • Funding (Scale up) • Skills, knowledge & capacity of community • identify the entry points • Integrate planning and meeting
	<p><i>Indonesia, Thailand</i></p> <ul style="list-style-type: none"> • Risk Reduction approach • Resilient organization • Resilient Community • CBDRR • Education • Livelihood support • Linkage Response – Recovery – Resilient • Training (First air for private Sector) • Mitigation • green and clean program • changing mindset and behaviour of RC, government community, private • regulation & Policy : RC + External

	<ul style="list-style-type: none"> • advocacy, humanitarian diplomacy socialization • community mobilization • changing mindset and behaviour of RC, government community, private • regulation & Policy : RC + External • How respond to those development • advocacy, humanitarian diplomacy • socialization • community mobilization
<p>Q2- In the light of your experience in building community safety and resilience, what recommendations do you have for other NSs who wish to build community resilience?</p> <ul style="list-style-type: none"> – What would you do again the same way? – What would you do differently? – What would you NOT do again? 	<p><i>Singapore/ Cambodia/ Lao / Myanmar</i></p> <ul style="list-style-type: none"> • Thematic seminar CRC, LRC, MRC-DMWG • To plan CSR initiative of integration (health, DM, OD by conducting CSR seminars) • Formalized the approach in building resilience community using the characteristics of the country by developing TOR, SOPs involving the community <p>Future – expend the integration</p> <p>Changes- has support from leadership & community</p>
	<p><i>Philippines, Malaysia, Brunei</i></p> <ul style="list-style-type: none"> • Carry out joint assessments and planning • Program design & implementation mutually done • Not to do again – stand alone planning
	<p><i>Timor-Leste, Vietnam</i></p> <ul style="list-style-type: none"> • Integration • Participation (community & government authorities & other organization) • integration (with government's programs) • Not isolated
<p><i>Indonesia, Thailand</i></p> <ul style="list-style-type: none"> • Translate IFRC Framework into National Framework • M &E 	

	<p><i>Singapore/ Cambodia/ Lao / Myanmar</i></p> <p>Recommendations</p> <ul style="list-style-type: none"> • start from this seminars (holds workshop, involving different technical expertise from National Societies,, branches, a volunteers) • will discuss on Where, When, Why , What Who and How to develop SoPs Tor • Take experience from DRR/ CBHD Development partners – partner with other org. Private & public • Funding: funding priorities of different donors varies.
<p>Q3- In your experience, how can you best assess the changes in community resilience as a result of RCRC interventions?</p> <ul style="list-style-type: none"> • What would you recommend in terms of indicators, evaluation methods or other approaches to be able to measure changes to community resilience? 	<p><i>Philippines, Malaysia, Brunei</i></p> <ul style="list-style-type: none"> • Community's needs are addressed by the community • Gathering pre-implementation and post implementation of community knowledge, skills and attitude
	<p><i>Timor-Leste, Vietnam</i></p> <ul style="list-style-type: none"> • community is the owner of the program • standardization of M&E tools (Participatory methods) • respect the NS structure • Impact, manage after disaster & disease outbreaks • recovered capacities of community
	<p><i>Indonesia, Thailand</i></p> <ul style="list-style-type: none"> • working with universities UN, NGO to evaluate the impact • participatory approach • simulation, drill, field visit (re visiting) • Recognition, certificate • resilient award • peer learning model • sustainable resource & funding
	<p><i>Singapore/ Cambodia/ Lao / Myanmar</i></p> <ul style="list-style-type: none"> • conduct MPER to define gaps, challenges & solutions

	<ul style="list-style-type: none">• consolidation of old target (community)• expend the new projects - new areas
