

The Association of Southeast Asian Nations (ASEAN) consists of 10 countries with 625.9 Million people; Gross Domestic Product of US\$2.4 Billion (2013)

* Sources: IMF, World Bank, and ASEAN

Disaster challenges in ASEAN....

- Highly exposed to natural hazards, with floods, storms, earthquakes and landslides as the most frequent
- Varying levels of exposure and vulnerability to different hazards
- Different national capacities
- Medium-scale disasters occurring almost simultaneously
- Large Scale disasters, such as Dec 2004 Indian Ocean Tsunami, May 2008 Cyclone Nargis, and November 2103 Typhoon ‘Haiyan’

The turning points.....

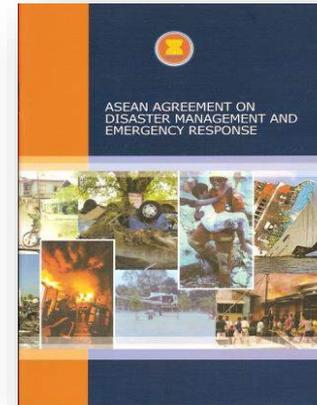

2004 Indian Ocean Tsunami

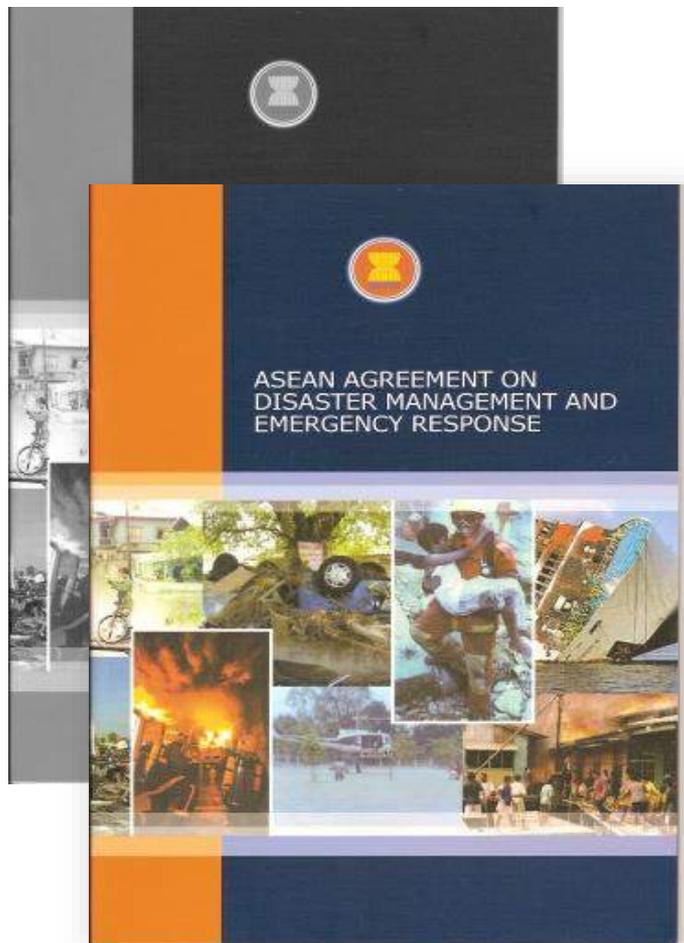

2008 Cyclone Nargis

Providing the momentum for the development of an ASEAN Agreement on Disaster Management and Emergency Response (AADMER)

Testing ASEAN's solidarity and relevance as a regional grouping

To have a more united and coordinated response toward disasters within the region, ASEAN Foreign Ministers signed the AADMER on 26 July 2005

Signed in July 2005, ratified by all ten countries in ASEAN, entered into force on 24 December 2009

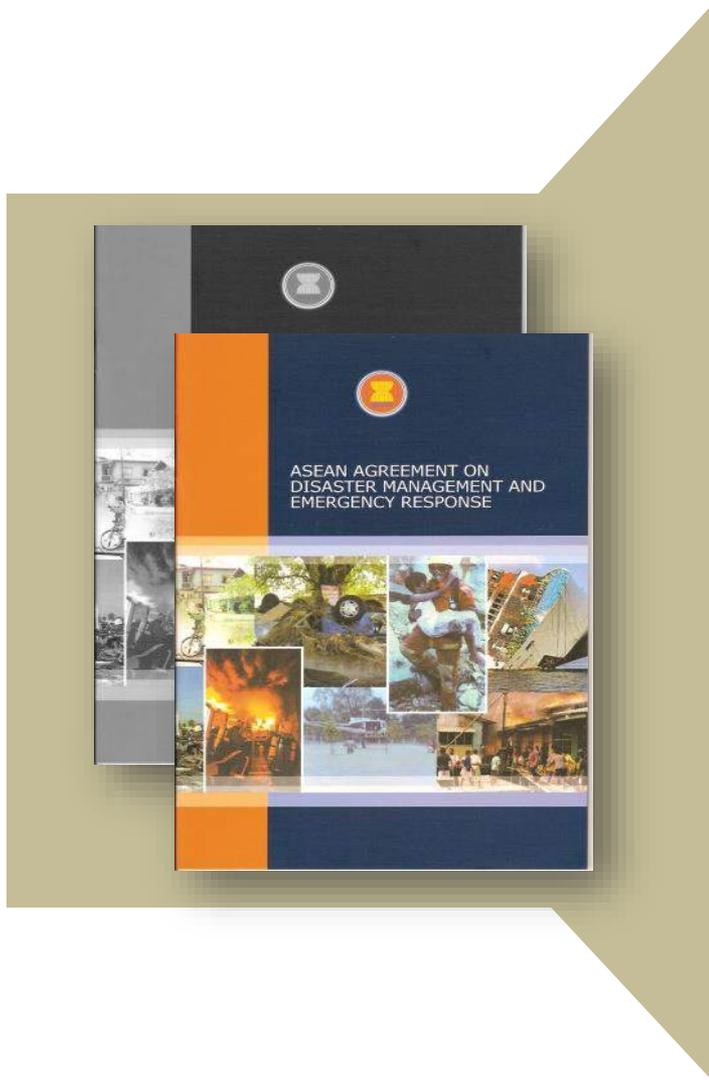

Objective: Reduce disaster losses in ASEAN region, and jointly respond to disaster emergencies

A legal framework for all ASEAN Member States and serves as a **common platform** in responding to disasters within ASEAN

ASEAN Coordinating Centre for Humanitarian Assistance (AHA Centre) as the operational coordination body and engine of AADMER

AADMER is a comprehensive agreement that covers various aspects of Disaster Management

Disaster Risk Identification, Assessment & Monitoring

Disaster Prevention and Mitigation

Disaster Preparedness

Emergency Response

Rehabilitation

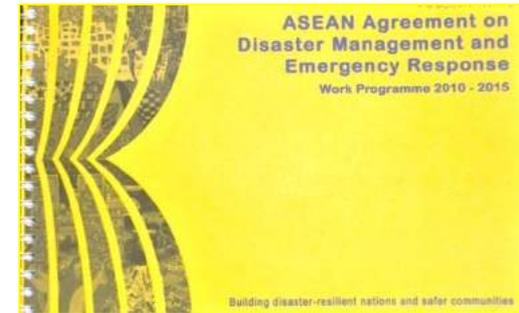

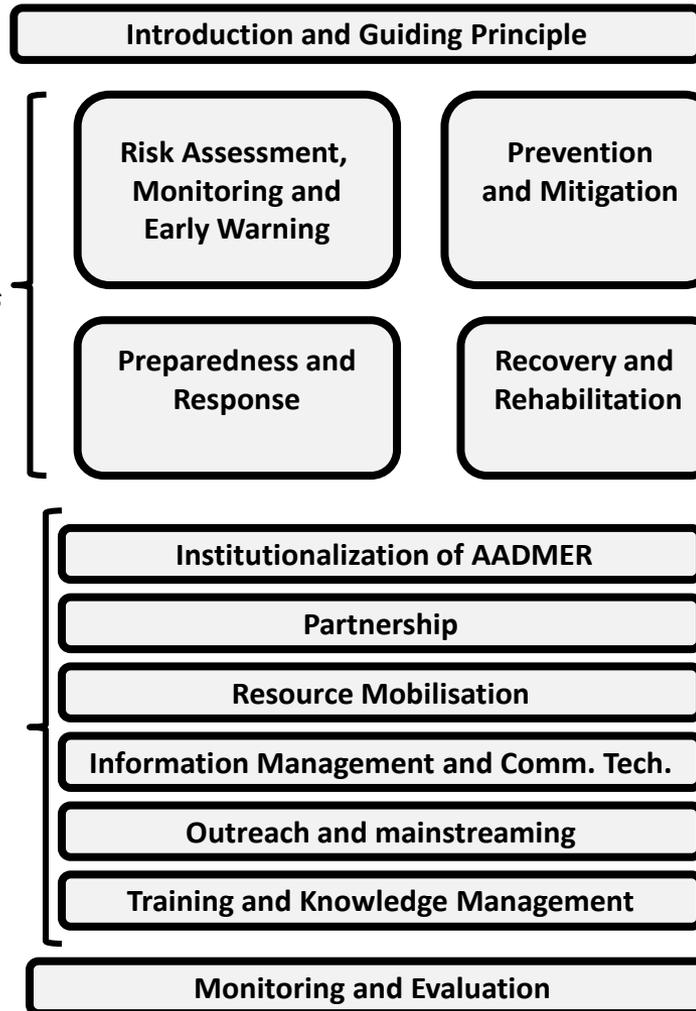

Technical Cooperation & Scientific Research

AHA Centre

To translate the visions of the AADMER into actions, the ASEAN Committee on Disaster Management (ACDM) has developed the AADMER Work Programme (2010-2015).

Components of AADMER Work Programme

- Translate legal framework into actions and designed as a rolling plan
- Institutionalise experience from other disasters and recent developments
- Consist of Outcome, Outputs, Activities, Responsible Parties, Timeline, Milestone
- Include Implementation and Monitoring Arrangements

ASEAN leaders in the last three summits reiterated that AADMER is the common platform for disaster management in ASEAN

19th ASEAN Summit, Nov 2011

*"... We also encourage the various sectors and mechanisms related to disaster management in ASEAN, including those under ASEAN + 1, ASEAN + 3, East Asia Summit and ASEAN Regional Forum, to **synchronise their policies using AADMER as the common platform to ensure the principles of ASEAN Centrality...**"*

21st ASEAN Summit, Nov 2012

*"... We emphasized the importance of using existing mechanisms, in particular the Conference of the Parties (COP) under the AADMER, the ASEAN Committee on Disaster Management (ACDM) and the AHA Centre, as the **coordinating platform and cooperation arrangement for disaster management...**"*

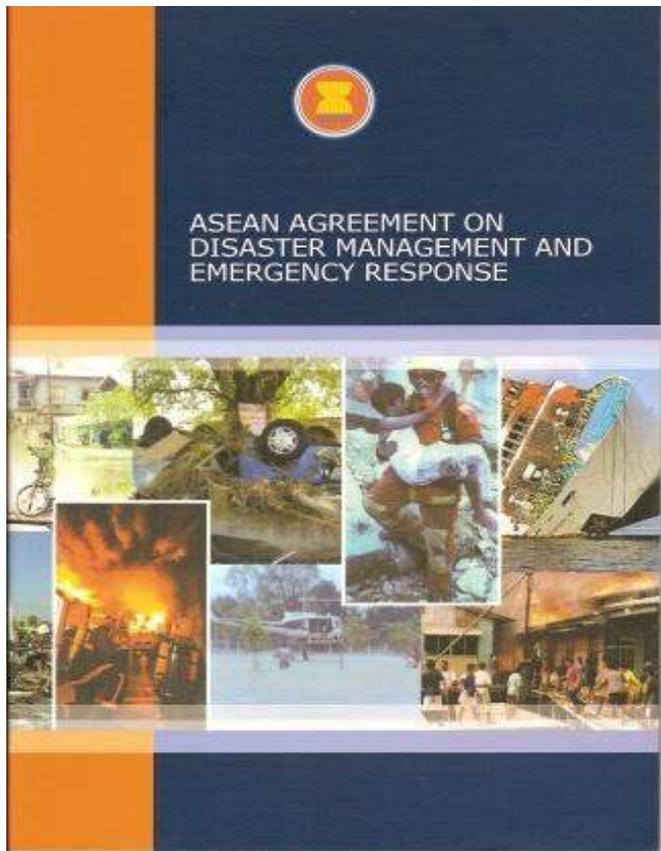

22nd ASEAN Summit, April 2013

*"... We also encouraged the various mechanisms related to disaster management in ASEAN to **synchronise their activities and policies using the ASEAN Agreement on Disaster Management and Emergency Response (AADMER) as the common platform for disaster management...**"*

A lot of efforts have been made by ASEAN in establishing the ASEAN Coordinating Centre for Humanitarian Assistance on disaster management (AHA CENTRE) as the operational engine of AADMER

The AHA Centre shall be established for the purpose of facilitating co-operation and co-ordination among the parties, and with relevant United Nations and international organisations, in promoting regional collaboration (AADMER article 20.1)

The AHA Centre shall work on the basis that the Party will act first to manage and respond to disasters. In the event that the Party requires assistance to cope with such situation, in addition to direct request to any Assisting Entity, it may seek assistance from the AHA Centre to facilitate such request (AADMER article 20.2)

At the 19th of ASEAN Summit, witnessed by ASEAN Heads of States, the agreement on the establishment of AHA Centre was signed by the ASEAN Foreign Ministers on 17 November 2011 in Bali Indonesia

**AGREEMENT ON THE ESTABLISHMENT OF THE
ASEAN CO-ORDINATING CENTRE FOR HUMANITARIAN
ASSISTANCE ON DISASTER MANAGEMENT**

Done at Bali, Indonesia, this Seventeenth Day of November in the Year Two Thousand and Eleven, in a single original copy in the English Language.

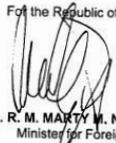

For Brunei Darussalam:

PEHIN DATO LIM JOCK SENG
Minister of Foreign Affairs and Trade II

For the Kingdom of Cambodia:

HOR NAMHONG
Deputy Prime Minister and Minister of Foreign Affairs and International Cooperation

For the Republic of Indonesia:

DR. R. M. MARTY M. NATALEGAWA
Minister for Foreign Affairs

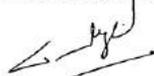

For the Lao People's Democratic Republic:

DR. THONGLOUN SISOULITH
Deputy Prime Minister and Minister of Foreign Affairs

For Malaysia:

DATUK SRI ANIFAH BIN HAJI AMAN
Minister of Foreign Affairs

For the Republic of the Union of Myanmar:

U WINNA MAUNG LWIN
Minister for Foreign Affairs

For the Republic of the Philippines:

ALBERT F. DEL ROSARIO
Secretary of Foreign Affairs

For the Republic of Singapore:

K SHANMUGAM
Minister for Foreign Affairs and Minister for Law

For the Kingdom of Thailand:

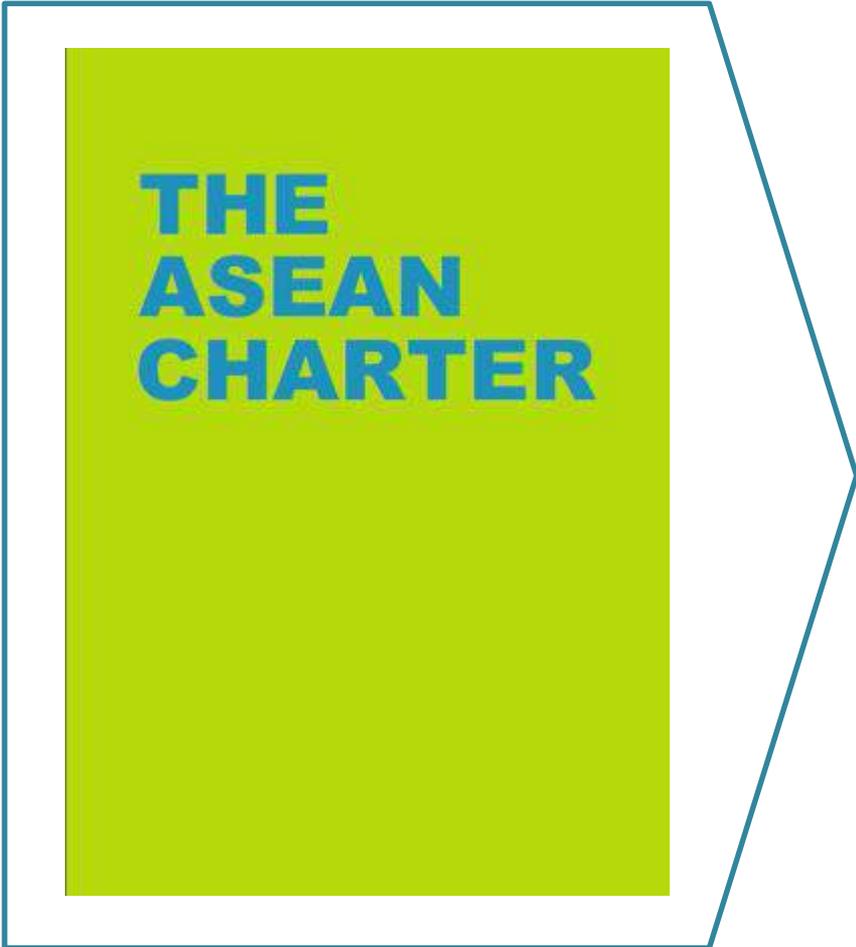

DR. SURAPONG TOVICHAKCHAIKUL
Minister of Foreign Affairs

For the Socialist Republic of Viet Nam:

PHAM BINH MINH
Minister of Foreign Affairs

In addition to the Agreement, AHA Centre is also recognised in the ASEAN Charter as one of the ASEAN centres in the region

THE ASEAN CHARTER

14. ASEAN Coordinating Centre for Humanitarian Assistance on disaster management (AHA Centre)
15. ASEAN Earthquakes Information Centre
16. ASEAN Specialised Meteorological Centre (ASMC)
17. ASEAN University Network (AUN)

AHA Centre's role emphasized through the ASEAN's Leaders Bali Declaration on ASEAN Community in a Global Community of Nations – BALI CONCORD III during the 19th ASEAN Summit, November 2011 in Bali, Indonesia

**BALI DECLARATION ON
ASEAN COMMUNITY IN A GLOBAL COMMUNITY OF NATIONS
“BALI CONCORD III”**

WE, the Heads of State/Government of Brunei Darussalam, the Kingdom of Cambodia, the Republic of Indonesia, the Lao People's Democratic Republic, Malaysia, the Republic of the Union of Myanmar, the Republic of the Philippines, the Republic of Singapore, the Kingdom of Thailand, and the Socialist Republic of Viet Nam, Member States of ASEAN, at the 19th ASEAN Summit;

C. SOCIO-CULTURAL COOPERATION

1. Disaster Management

Consistent with the purposes and principles of ASEAN basic instruments to promote disaster-resilient nations and safer communities, ASEAN resolves at the global level to:

- f. Strengthen cooperation between the ASEAN Coordinating Centre for Humanitarian Assistance on disaster management (AHA Centre) and relevant regional and international organizations and agencies for ensuring prompt and smooth communication in times of disaster as well as enhancing coordination mechanisms to facilitate the flows of support in a timely manner.

As well as stated in the the ASEAN's Leaders Declaration on Enhancing Cooperation in Disaster Management during 23rd ASEAN Summit, October 2013 in Brunei Darussalam

ASEAN DECLARATION ON ENHANCING COOPERATION IN DISASTER MANAGEMENT

WE, the Heads of State/Government of the Member States of the Association of Southeast Asian Nations (hereinafter referred to as "ASEAN"), namely Brunei Darussalam, the Kingdom of Cambodia, the Republic of Indonesia, the Lao People's Democratic Republic, Malaysia, the Republic of the Union of Myanmar, the Republic of the Philippines, the Republic of Singapore, the Kingdom of Thailand, and the Socialist Republic of Viet Nam, met at the 23rd ASEAN Summit in Bandar Seri Begawan, Brunei Darussalam on [9 or] 10 October 2013;

ENCOURAGE by the significant progress on the operationalisation of the ASEAN Coordinating Centre for Humanitarian Assistance on disaster management (AHA Centre), which was launched on 17 November 2011 at the sidelines of the 19th ASEAN Summit in Bali, Indonesia, and its important role as the operational engine of AADMER to enhance regional cooperation in disaster management and ensure ASEAN's collective response to disasters in the region;

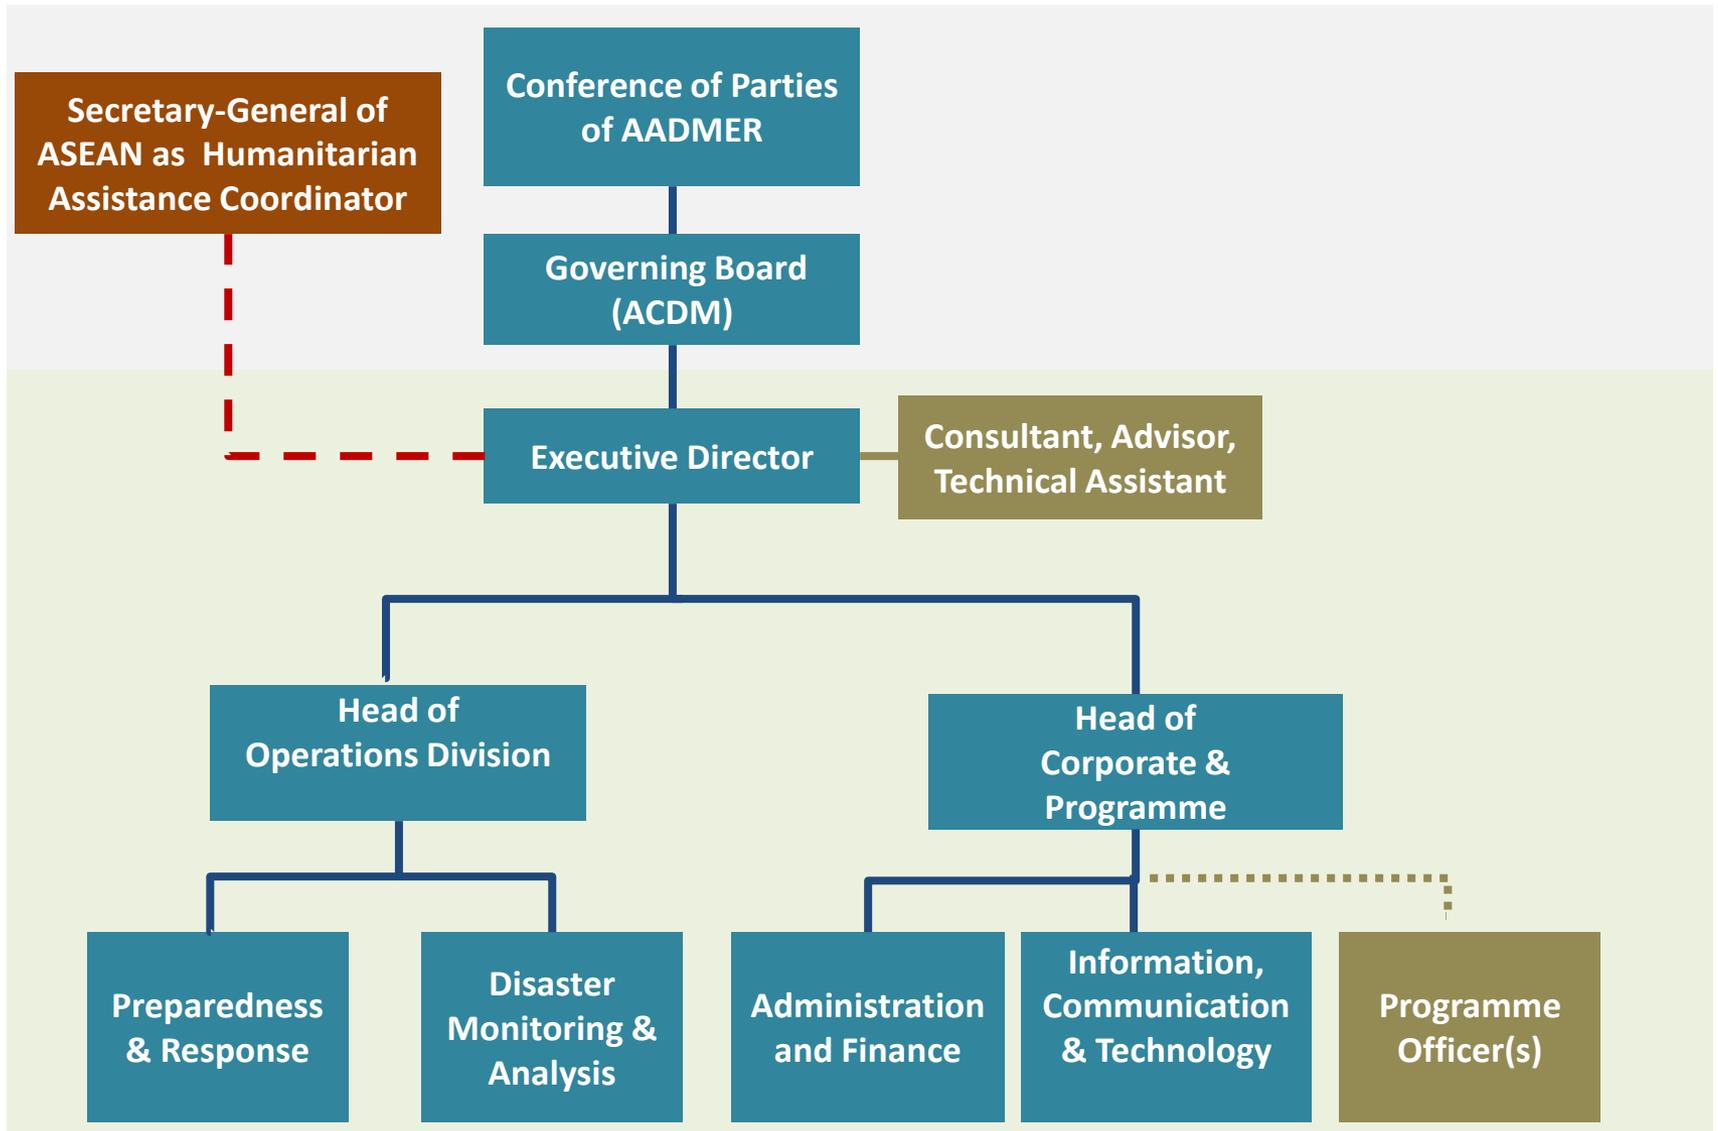

DO HEREBY :

4. Agree to further spur and reinforce ASEAN's commitment to the operationalisation and sustainability of the AHA Centre, and expand and nurture co-operation and co-ordination among the ASEAN Member States, and with relevant and international organisations in promoting regional collaboration in disaster management and emergency response;
5. Urge ASEAN Member States and relevant ASEAN Bodies in disaster management, with the support of Dialogue Partners and relevant regional and international organisations, to take necessary steps to strengthen the effective utilisation and quick deployment of the ASEAN Standby Arrangements for Disaster Relief and Emergency Response; including the ASEAN-Emergency Rapid Assessment Team (ERAT), on a real-time basis;
7. Encourage a joint effort and more integrated coordination and synergy in HADR among the various ASEAN-related mechanisms, wherever possible, in particular the AMMDM, ADMM, ADMM-Plus, ARF, and EAS, in particular further implementation of the Indonesia-Australia (EAS) Joint Paper on "A Practical Approach to Enhance Regional Cooperation on Disaster Rapid Response" adopted by the EAS Leaders at the 6th EAS in Bali, Indonesia on 19 November 2011, using AADMER as the main common platform for disaster management in ASEAN with the ACDM as the driver in the process to maintain ASEAN's Centrality in these efforts;
9. Task the AMMDM, COP, ACDM and AHA Centre to work closely with other relevant ASEAN bodies and ASEAN-related mechanism to chart a longer-term vision of ASEAN Cooperation in disaster management beyond 2015 that promote ASEAN's leadership and shared vision in the area of disaster management in relevant multilateral fora.

The ASEAN Committee on Disaster Management (ACDM)

Although the AHA Centre has been established as a separate entity from the ASEAN Secretariat, both organisations work closely together

In addition to contribution from ASEAN Member States and facilities provided by the Government of Indonesia and the Host Country, the AHA Centre is also supported by Dialogue Partners

AUSTRALIA

EUROPEAN UNION

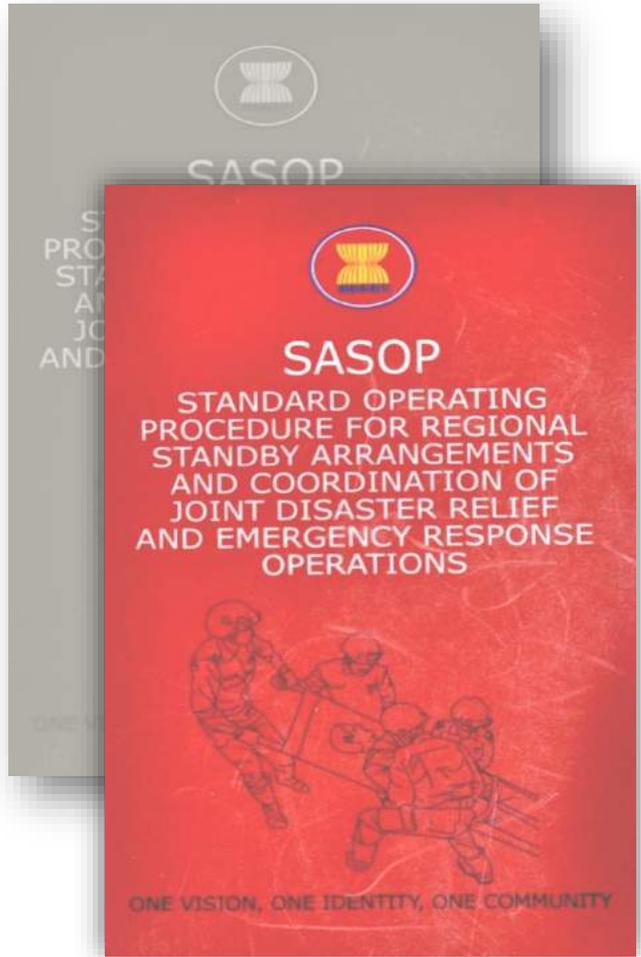

JAPAN

NEW ZEALAND

UNITED STATES OF AMERICA

AADMER also mandates the development of an effective **Standard Operating Procedure for Regional Standby Arrangements and coordination of joint disaster relief and emergency response operation (SASOP)**

Guides and templates to initiate the establishment of the ASEAN Standby Arrangements for Disaster Relief and Emergency Response

Procedures for joint disaster relief and emergency response operations

Procedures for the facilitation and utilisation of **military and civilian assets and capacities**, (personnel, transportation and communication equipment, facilities, good and services, and the facilitation of their trans-boundary movement)

Methodology for the periodic conduct of the **ASEAN Regional Disaster Emergency Response Simulation Exercises (ARDEX)** which shall test the effectiveness of this procedures

AHA Centre is tasked to perform most of the aspects under SASOP

NOTIFICATION OF DISASTER

- **The AHA Centre** to analyse the initial report and notify other Party/Entity of the disaster
- **he AHA Centre** to analyse each Situation Report and immediately notify the other party /entity of the significant developments (a) periodically or (b) by 10:00 am (Jakarta time)

REQUEST FOR ASSISTANCE

- **The AHA Centre** to forward the request to other party/entity
- **The AHA Centre** will explore other possible assistance

OFFER OF ASSISTANCE

The AHA Centre to forward the offer to the receiving Party

DISASTER SITUATION UPDATE

The AHA Centre to receive report within 24 to 48 hours of arrival of assistance at disaster site

JOINT ASSESSMENT OF REQUIRED ASSISTANCE

- **The AHA Centre** to facilitate mobilisation of ERAT
- **The AHA Centre** to receive updates on any plans and findings of joint assessment
- **The AHA Centre** to receive copy of the Contractual Agreement for Assistance

MOBILISATION OF ASSETS AND CAPACITIES

The AHA Centre to facilitate the processing of exemption for provision of assistance and facilities, transit of personnel and equipment

DEMOBILISATION OF ASSISTANCE AND REPORTING

- **The AHA Centre** to receive and update of this development
- **The AHA Centre** to be received within 2 weeks of departure from the affected country

AHA Centre focus: Disaster Response Management

Focus areas

Total accumulative Unique Visitor to ADInet has increased 90 times from only 42 visitors when it was first launched in January 2012 to almost 4,000 visitors from 55 countries by December 2013 .

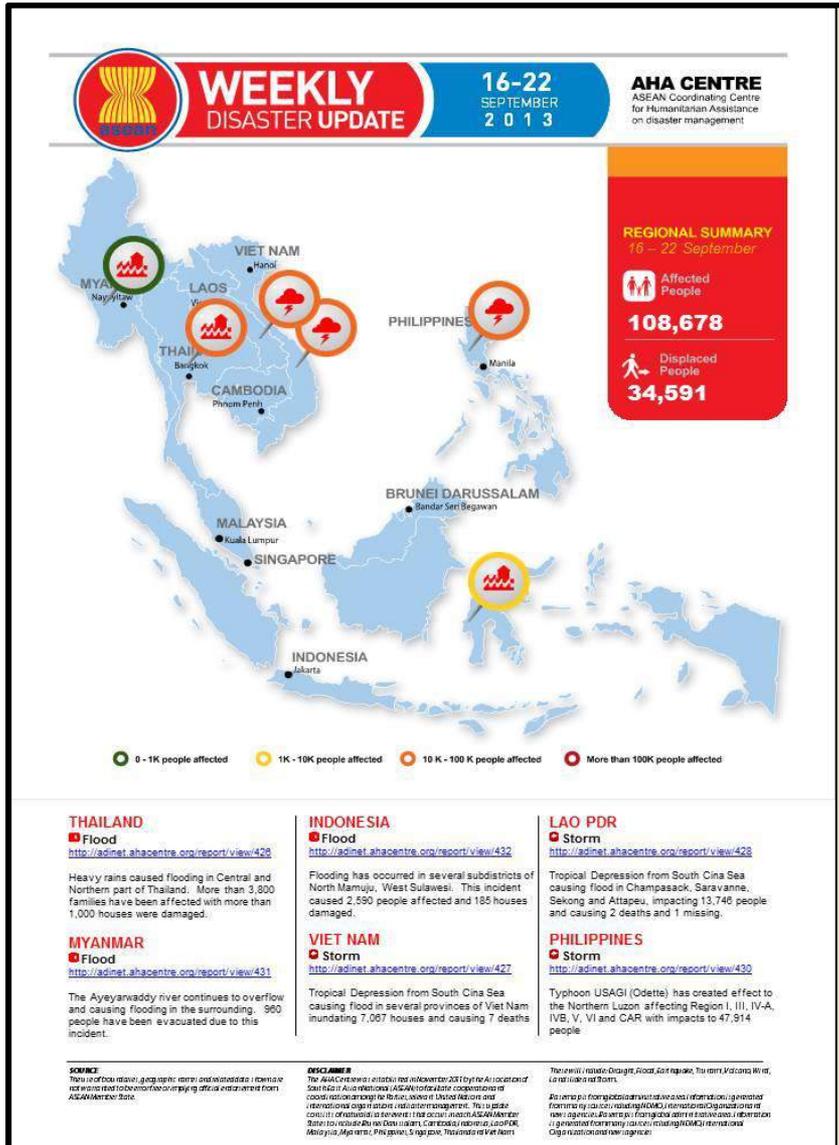

In the event of initial disaster occurrence or potentially emerging disaster, AHA Centre provides flash update to give a quick overview of the situation

- *One page overview of a threat or an initial report of a disaster*
- *Distributed immediately to National Focal Points of ASEAN National Disaster Management Offices*
- *The Flash Update also disseminated to Dialogues Partners, international organisations and other interested parties and also published in social media*

AHA Centre also provides weekly regional disaster update to give a snapshot of regional disaster information

- Issued every Monday by 14.00 GMT+7 to ASEAN NDMO, Dialogue partners, International Organisations and other interested parties
- A collation of information on disaster occurrences in the region that occurred in the previous week (Monday to Sunday)
- Information provided are linked to the ADInet

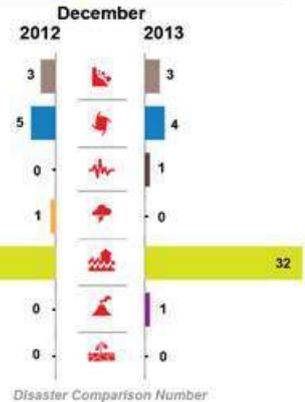

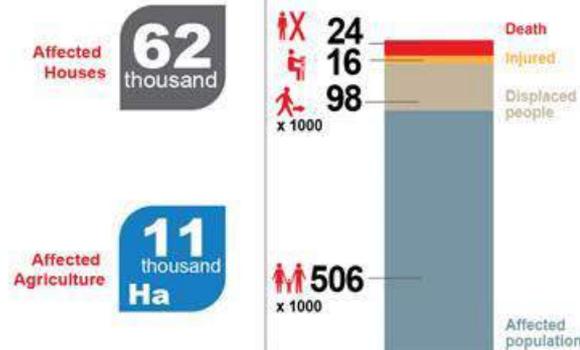

.. Monthly Disaster Outlook ..

MONTHLY DISASTER OUTLOOK

Vol.01 – Jan 2014

Regional Summary

NEARLY 15 MILLION*

PEOPLE AFFECTED BY TYPHOON HAIYAN, ONE OF THE STRONGEST RECORDED TYPHOONS WHICH CROSSING PHILIPPINES AND VIET NAM ON 8 – 9 NOVEMBER 2013 WITH TREMENDOUS GUSTINESS UP TO 315 KM/H

Haiyan left devastation in:

- Region 6 – 8 of Visayas, especially Leyte and Samar Province, Philippines.
- Quang Ninh Province, Viet Nam.

Over USD 10 million worth of assistance have been offered by ASEAN Member States and AHA Centre, as a solidarity response to the Philippines. On 18 December 2013, the Government of Philippines launched Reconstruction Assistance on Yolanda (RAY) programme to guide the economy, lives and livelihood reconstruction.

*Incl. 850,000 people being evacuated in Viet Nam

General Overview

Natural disaster reports were regularly recorded in the ASEAN Disaster Information Network (ADInet) www.adinet.ahacentre.org. Only significant disasters that satisfy the following criteria will be recorded in ADInet:

1. 1 or more death, and
2. More than 100 people affected, and
3. Involving at least 1 subdistrict

In the month of December 2013, weather related disasters dominated the disaster events in the region. Flood, landslide and wind as a consequence, were the most occurrence of natural disasters in the region. Out of these three predominant disasters, flood is the most frequent disaster that impacted the region.

Geographically most of disasters occurred in the Southern part of ASEAN region, these include Indonesia, Malaysia, and Southern part of Thailand.

Facts

Total of 41 significant natural disasters recorded in the month of December 2013 in ADInet. This amount is higher compared with the month of December 2012 with 32 disasters recorded in the ASEAN region.

In December 2013, 78% or 32 out of 41 disasters is due to the flood. This number has increased from only 23 flood events in December 2012.

The number of affected population in the month of December 2013 is about 500,000 person in total. This is considered much

less than one single event of Typhoon Bopha in December 2012 which affected more than 8 millions people, or the most recent Typhoon Haiyan with more than 15 millions people affected.

The considered largest disaster in December 2013 is flood in Southern Thailand that impacted several provinces, such as Patthalung, Songkhia and Narathiwat, with 168,000 people that reportedly affected. This incident has resulted cost of damage in the amount of 1.5 million USD. Additionally, the highest fatality due to the disaster happened in Kebumen, Indonesia where 5 people killed due landslide and 3,500 houses were submerged by the flood.

In general, disaster in December 2013 is more in the number but less in the impact, compared to the disaster in December 2012.

In responding to disaster, AHA Centre uses SASOP as its main reference

FORM 1

INITIAL REPORT / SITUATION UPDATE NO 1. TO AHA CENTRE

1. General Information

Office Reference Number:

From: Vilayphong SISOMVANG, Director of National Disaster Management Office Lao PDR

To: AHA Centre

Day / Date / Time: June to August 2013

Disaster Event Name/ Location(s): Flash Flood and Flooding in Oudomxay, Xayabouly, Bolikhamxay, Khammuan, Xiangzhuang and Vientiane Province

2. Submitting Authority

National Focal Point

Name: Vilayphong SISOMVANG

Designation: Director

Institution: National Disaster Management Office

Address: Pangkham road, P.O.BOX. 347, Vientiane, Lao PDR

Phone/Fax: +85620 22225183

Email: sleomvang1@yahoo.com

3. General Description of Disaster

(Please describe briefly the (type) of hazard, the specific location(s), date, time and duration of the disaster and the circumstances that triggered or brought about the disaster event.)

Due to the continuous heavy rainfall caused by the climate change during June to August and the influences of the JESU storm and Sonpina storm that down off Laos in early August, many provinces in the Northern and Central part of Laos (Oudomxay, Xayabouly, Bolikhamxay, Khammuan, Xiangzhuang and Vientiane Province) 359 villages, 25 Districts have been adversely affected by flooding.

EXAMPLE - First page

"This situation update is for internal use by ASEAN Member States. Member States are requested to use their discretion in using the report for public purposes."

FORM 2

SITUATION UPDATE NO. 22 OF AHA CENTRE TO THE NATIONAL FOCAL POINTS

EXAMPLE
Fist page only

1. General Information

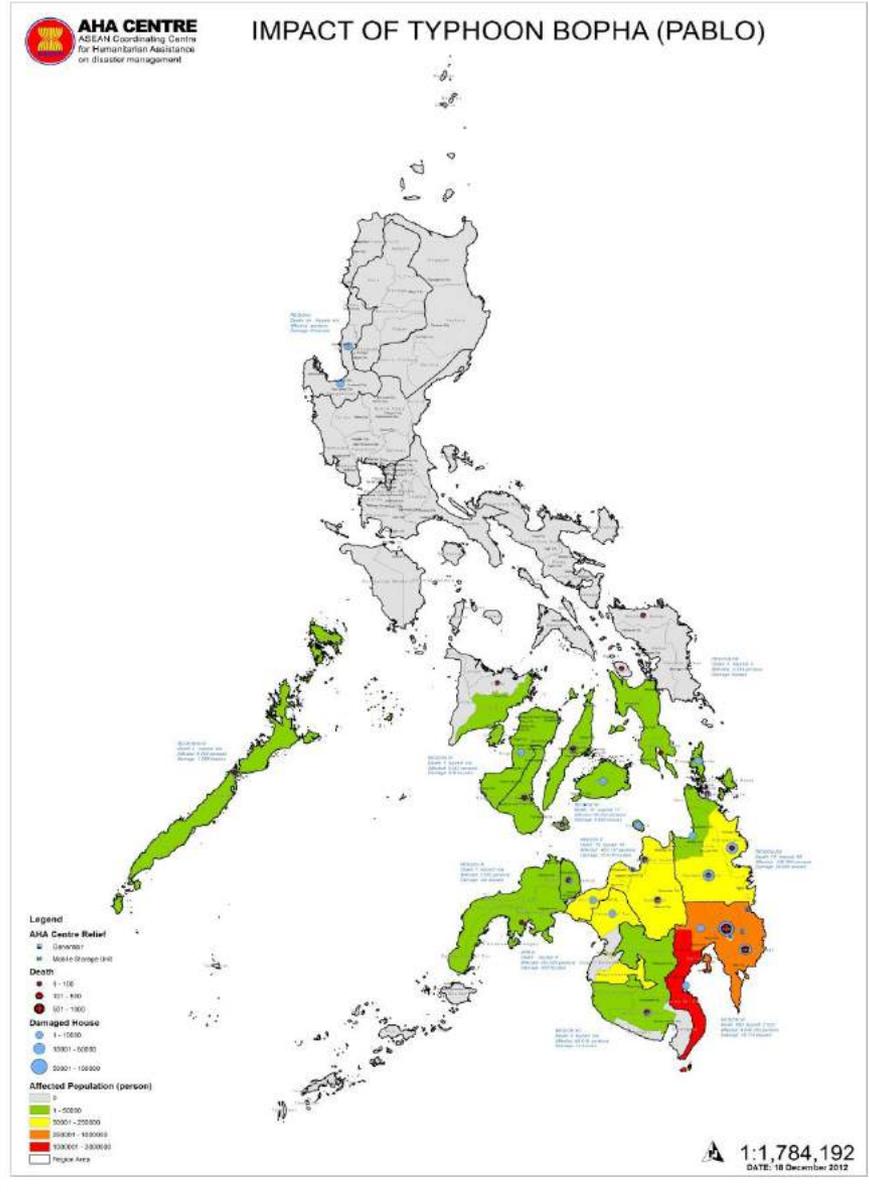

Office Reference Number: F2-022/AHA-PHL_TC/12-2012
 From: AHA CENTRE
 To: ACDM FOCAL POINTS
 Day / Date / Time: Thursday 27/12/2012 18:00 Jakarta Time
 Disaster Event Name/Location(s): Tropical Cyclone (Typhoon) / Philippines

2. Summary of Disaster Event (Please state briefly the type(s) of hazard, the specific location(s), date, time and duration of impact, the factors or circumstances that triggered or brought about the disaster event, and the general extent of losses.

The Typhoon Pablo (BOPHA), as expected, has entered the Philippines area on 3 December 2012. The Philippines Atmospheric, Geophysical and Astronomical Services Administration (PAGASA) in its weather bulletin no.3 issued at 5:00 AM, 3 December 2012, noted the position of the typhoon Pablo at 700 km Southeast of Hinatuan, Surigao del Sur with a maximum sustained winds of 175 kph near the centre and gustiness of up to 210 kph. It was estimated to move outside the Philippine Area of Responsibility (Pagasa weather bulletin no.13, 5 December 2012). On 9 December, Currently Typhoon Pablo has weakened into a Low Pressure Area.

Based on the National Disaster Risk Reduction and Management Council (NDRRMC) situation report no.38, the incident has affected 6,243,998 persons in 34 cities in 40 provinces of Region IV-B, VI, VII, VIII, IX, X, XI, XII and CARAGA.

Death	Damaged Houses	Estimated Loss
1067	216,817	US\$ 899 million

...and also facilitating the offer of assistance from an ASEAN country to the affected country using FORM 4 of SASOP (Offer of Assistance) during Typhoon Bopha in 2013

Submitted by: andy.musaffa - Situation Unit Leader at 10:25:53 on 3/18/2014

SCDF continuing to monitor closely.

Submitted by: ishak.saleh - Singapore - NDMO at 10:59:10 on 3/18/2014

The AHA Centre is also organising the AHA Centre Executive (ACE) Programme which aims to prepare the future leaders of disaster management in ASEAN

PROGRAMME HIGHLIGHTS

1. Working at AHA Centre
2. Specialised Training and Skills Enhancement
3. Leaders Talk
4. On the Ground Deployment During Disaster Situation
5. Study Visit to Japan
6. Developing Regional Networks
7. Special Project Assignments
8. Understanding How International Humanitarian System Works
9. Learning from Each Other
10. Writing Vision and strategy on Disaster Management

The first batch of the AHA Centre Executive (ACE) Programme participated by 13 officers of National Disaster Management offices from 7 ASEAN Member States

Cambodia

Indonesia

Lao PDR

Malaysia

Myanmar

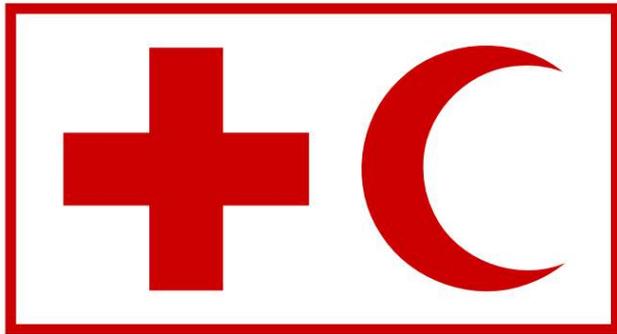

Thailand

Viet Nam

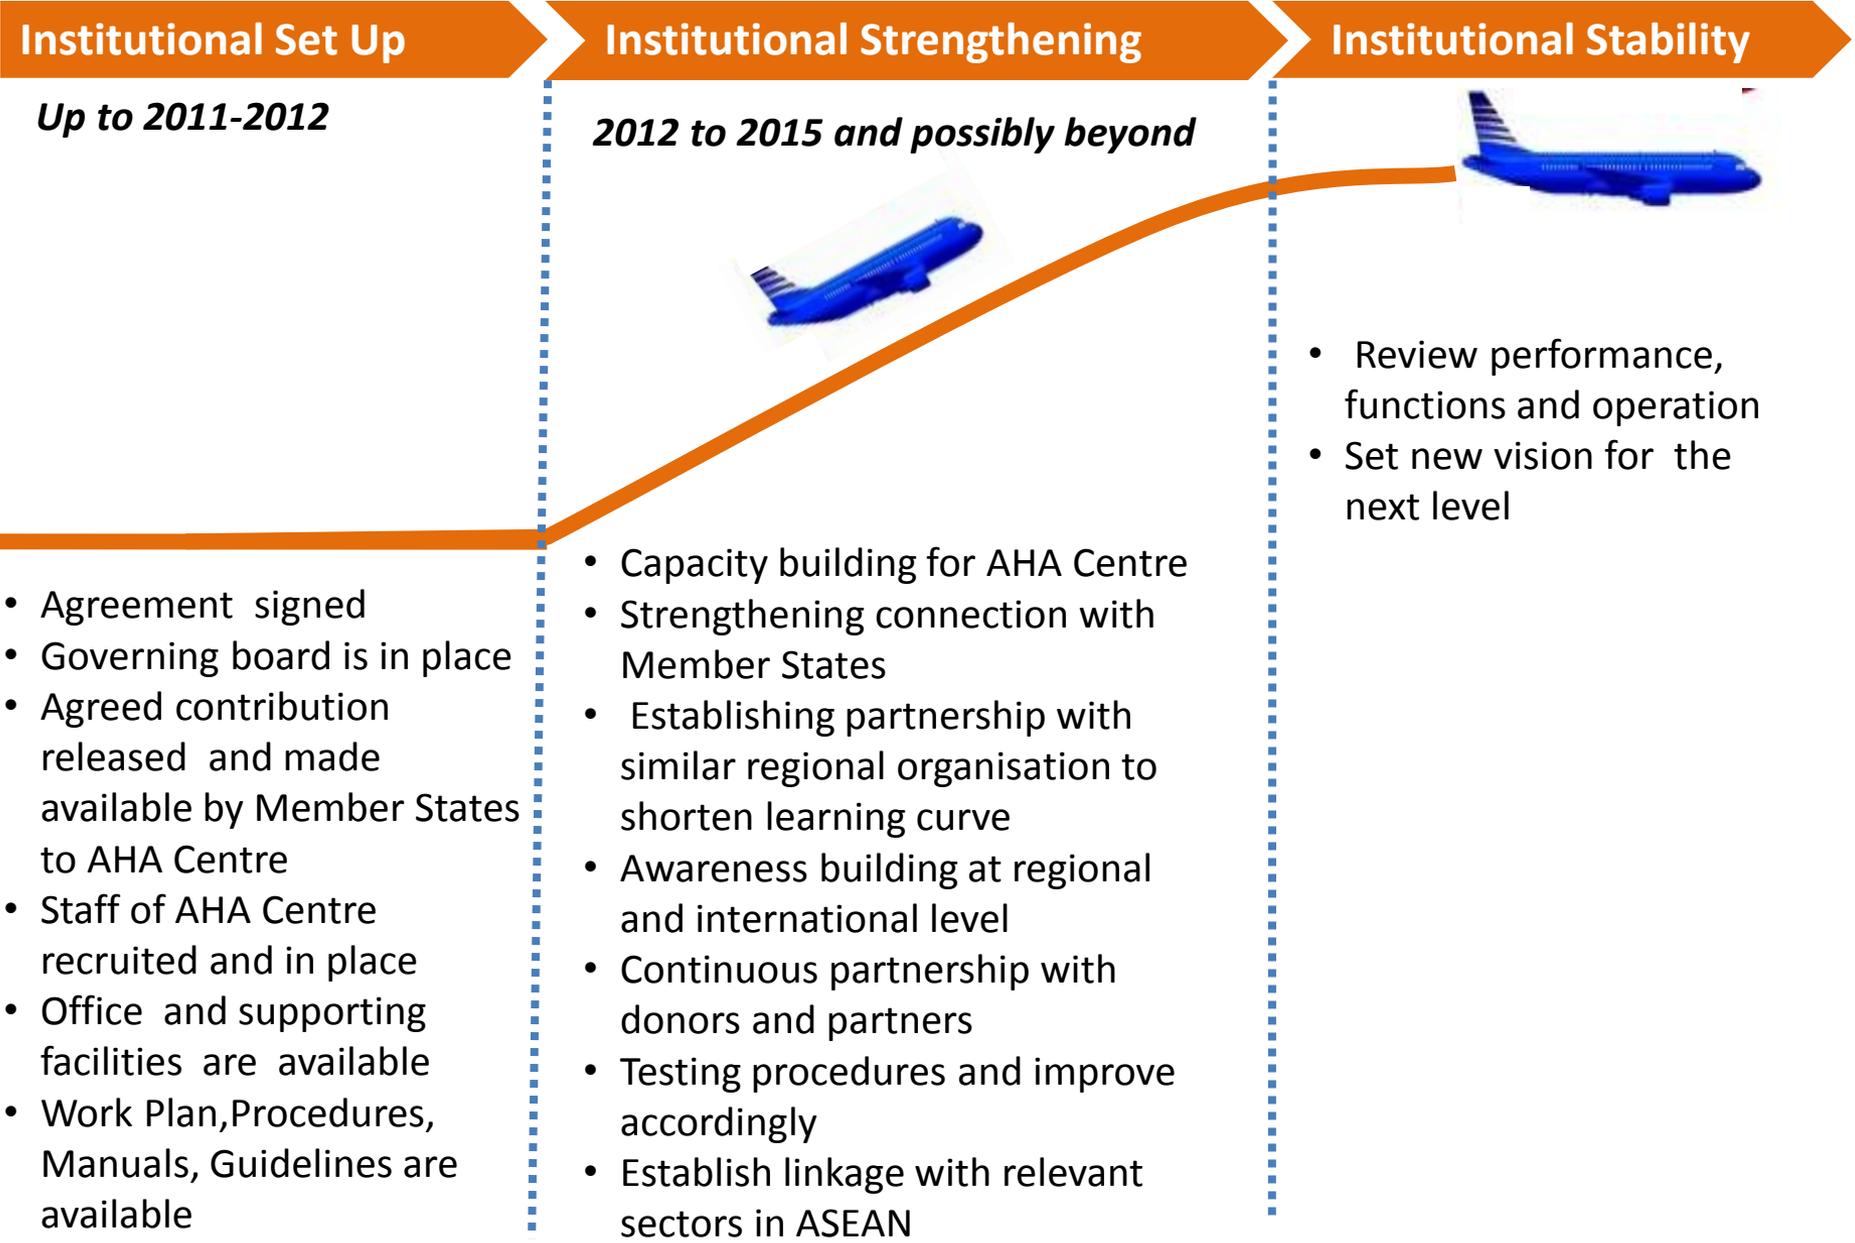

Potential Areas for Collaboration between AHA Centre and IFRC:

Potential Areas of Collaboration

1. Sharing of Information (hazard monitoring and analysis, assessment, etc.);
2. Coordination and Response frameworks at the national level;
3. Learning from each other;
4. Partnership agreements with volunteers;
5. Participation in national and regional exercises (ARDEX).

IN THE LONG RUN.. MORE THINGS NEED TO BE DONE AND MORE COOPERATION AND PARTNERSHIP WILL NEED TO BE ESTABLISHED
