Vision, Mision, and Strategy

VISION: PMI demonstrates strong characters and is professional, self-sustaining, and respected by communities

MISSION 1

To become the **forefront** humanitarian organization that provides **quality services** to communities in line with the **fundamental principles** of the Red Cross and Red Crescent Movement.

MISSION 2

To strengthen PMI's **self-sufficiency** through sustainable **strategic partnerships** with the government, private sector, movement partners, communities, and other stakeholders at all levels.

MISSION 3

To improve PMI's **organizational reputation** at the national and international levels.

Strategic Objectives

1. To build a **well-functioning PMI** at all levels, with the capacity to create synergy between program activities and the organizational policies, procedures, and system.
2. To strengthen the capacity of PMI's organizational resources at all levels, **both its human resources and the facilities** and infrastructures needed to serve the communities.
3. To improve the **quality of disaster and health emergency responses** across Indonesia, either in terms of speed, coverage, and effectiveness of the services.
4. To strengthen **community resilience** in order to reduce the risks and impact of disasters and diseases through disaster preparedness, health, and social programs, also referral health services.
5. To increase the **availability of safe, accessible, and quality blood** throughout Indonesia.

Strategic Objectives

6. To strengthen the partnership with **national and local governments, public and private sectors, movement partners, donor agencies, and other stakeholders** in order to assume PMI's mandate and functions.

Strategic Objectives

7. To improve **PMI's accountability** as a humanitarian organization at the national and international levels.
8. To improve the **understanding** of all elements of communities on **humanitarian values, fundamental principles of the international RCRC movement**, as well as International Humanitarian Laws (IHL) through communication, education, and dissemination strategies.
