

Myanmar Red Cross Society

Community Risk reduction knowledge, practices and skills Study-Initial Baseline

1. Steps:

- Select five Township Red Cross volunteers for each village/wards for baseline information. One volunteer should be nominated as team leader for each village to coordinate the village level baseline.
- Conduct half days orientation programme on process to conduct baseline
- MRCS-Programme Coordinator takes lead for the orientation and mobilization of selected volunteers. Programme coordinator collect the information about Township Red Cross Branch as per given table (3).

2. Process:

- Deploy selected five volunteers to each selected community/ward to collect the information.
- Four volunteers must visit HH level as per table (2). One volunteers should collect the village profile as per table (1) given below.
- One volunteers must covers the 25 HH for base line information. That means 100 HH from one community has been covered by baseline process.
- The process should not be longer than 2 days. Two days are considered for travel days. For Programme coordinator- this process should not be more than 8 days.
- Programme coordinator collect the information about Township Red Cross Branch as per given table (3).
- Programme coordinator is responsible for compilation of all baseline information and handing over to GIS Officer.
- GIS Officer must feed this information in system.

Baseline- Template

Table-1

This section has to fill by Team leader at village level with overall consultation with all concerned like local authority, senior citizens, CBO, INGO/NGO etc

A. Village Profile

1. Introduction

Name of Region	Name of Township	Name of community/village

2. Climatic Condition:-

Jan-March	April-June	July-Sept	Oct-Dec

3. Physical Descriptions:-

- a. Means of Transportation from Township Branch to Community:-
- b. Time of travel from Township Branch to Community:-
- c. Road facilities within communities:-

4. Population Description of the community (Tools: Community baseline data, secondary data review)

House Hold No.	Female	Male	Total Population

5. Age wise Population (Tools: Community baseline data, secondary data review)

0-5		6-19		20-59		60 Over		Total Population	
F	M	F	M	F	M	F	M	F	M

6. Education facilities at Communities (Tools: Community baseline data, secondary data review, transect walk, Mapping)

Types of School	Number s of School	Locatio n of School	Numbe r of student s	Numbe r of teacher s	Infrastructure types				Remar ks
					Bric k	Thatche d	Tin roof	Oth er	
Primary									
Secondary									
High School									
College									
Monastery Education									

7. Telephone facilities at Communities (Tools: secondary data review, transect walk)

Name of Telephone centre	Location of Telephone centre	Name of responsible person (Telephone owner)	Telephone number	Remarks

8. Partners working in communities (Tools:, secondary data review, transect walk)

Name of the organizations	Name of focal person/position	Contact address/Telephone number	Remarks

9. Hospital/health post (Tools: secondary data review, transect walk)

Types of Health Centre	Numbe rs of Health Center s	Numb er of Health worke rs	Location of Health Centers	Infrastructure types				Remarks
				Brick	Thatche d	Tin roof	Othe r	

10. Community centre (Tools: secondary data review, transect walk)

Types of Community Centre	Location	Available rooms/space	Numbers of people can be accommodated	Infrastructure types				Remarks
				Brick	Thatched	Tin roof	Other	
Pagoda								
Monastery								
Temple								
Church								
Mosque								
Play Ground								
Others								

11. Human Resource mapping (Tools: Community baseline data, secondary data review, Mapping)

Categories	Numbers of trained Manpower at community
First Aid Trained person	
DART member	
CBDM Facilitators	
PSP member	
WATSAN member	
Maternal and child health worker(MCHW)	
Others	

Table-2

Volunteers should do HH visit to fill this part of the template. One volunteer should not cover more than 25 HH.

INFORMATION COLLECTOR PROFILE

Data Collector Name -----	Position -----

Data Entry Name -----	Position -----

B. ABOUT RESPONDER

(Please circle the appropriate number)

1. Age			
(A) Under 15	(A) 15 to 30	(B) 31 to 60	(C) Over 60

2. Gender	(A) Male	(B) Female
------------------	----------	------------

3. Education			
(A) No Literacy	(B) Monastic	(C) Primary	(D) Middle
(E) High School	(F) Undergraduate	(G) Graduate	(H) Master

4. Occupation		
(A) Paddy	(B) Farming	(C) Fishing
(D) Business Owner	(E) Casual Work	(F) Small Shop
(G) Others		

5. Race		
(A) Burma	(B) Kayin	(C) Indian
(D) Chinese	(E) Rakhine	(F) Others
.....		

6. Religious	(A) Buddhist	(B) Christian	(C) Muslim	(D) Hindu
---------------------	--------------	---------------	------------	-----------

7. Number of Family Member	(A) 1	(B) 2	(C) 3	(D) 4	(E) 6
	(F) 6	(G) 7	(H) 8	(I) 9	(J) 10

8. Number of Elderly (over 60)	(A) 1	(B) 2	(C) 3	(D) 4
9. Number of Children (under 5 years)	(A) 1	(B) 2	(C) 3	(D) 4

10. Number of family members with disabilities	(A) 1	(B) 2	(C) 3
---	-------	-------	-------

11. House Type	
(A) Bamboo Hut (Bamboo pole, bamboo floor, bamboo mat and thatch roof)	(B) Wooden Floor Bamboo Hut (Timber pole and floor, bamboo mat and thatch roof)
(C) Wooden House (1 story)	(D) Wooden House (2 story)
(E) Brick Nogging Building	(F) Concrete Building

12. What type of hazard you have used to experience at your village? Circle the hazard that you have knowledge of :		
(A) Flood	(B) Cyclone	(C) Strong Winds
(D) Tornado	(E) Volcano	(F) Earthquake
(G) Fire	(H) Tsunami	(I) Drought
(J) Mudslide	(K) Landslide	(L) Drowning
(M) Boat Capsize	(N) Road accident	(O) HIV/AIDS
(P) Malaria	(Q) Diarrhoea	(R) Dengue

13. Circle the hazard that you have knowledge of :		
(A) Flood	(B) Cyclone	(C) Strong Winds
(D) Tornado	(E) Volcano	(F) Earthquake
(G) Fire	(H) Tsunami	(I) Drought
(J) Mudslide	(K) Landslide	(L) Drowning
(M) Boat Capsize	(N) Road accident	(O) HIV/AIDS
(P) Malaria	(Q) Diarrhoea	(R) Dengue

14. Highest water level of your house during flood period:			
Over 6 feet	3 to 6 feet	Under 3 feet	

15. What important things you must bring, if you are going to evacuate when you face with disaster?			
(A) Food	(B) Water	(C) First Aid Kit/ Medicine	(D) Kitchen Kit
(E) Clothes	(F) Important Documents	(G) Precious	(H) Money
(I) Radio	(J) Flash Light/Candle	(K) Hygiene Kit	(L) Others

16. If my house is located in river flood area, my mechanism to cope with is	
(A)	Putting my belongings to upper level (shelf)
(B)	Re-elevating my house on stilt
(C)	Evacuating to the community shelter when the water level is raising up
(D)	Moving to relative house
(E)	Other

17. If earthquake occurs while I am in my house	
(A)	Running out of the building
(B)	Hiding under the table
(C)	Avoiding my valuable assets to fall down
(D)	Looking for my children
(E)	Looking for my pets
(F)	Standing beside a reinforced door frame
(G)	Others ----- -----

18. In case of limited food supplies following a disaster, priority should be given to whom?	
(A) Children	(B) Elderly
(C) Pregnant Woman	(D) Disable Person
(D) Pets	(E) Chronic Persons
(F) Others	

19. How do you get information of cyclone?	
Radio	Television
Local authority	Police
Red Cross volunteers	Community leaders
Fellow villagers	

20. Where do you go in case of illness	
Hospital	Monks
Health centre/ Health post	No where
Local Healer	self treatment

21. Do you know immunization?	
yes	No

22. Which water source is currently used for which purpose?

	Drinking	Cooking	Domestic Use Washing body/clothes	Animals
Dug Well at House				
Dug Well (remote)				
Tube Well at House				
Tube Well (remote)				
Pond				
River or Creek				
Rainwater				
Buy from (bullock) vender				
Other				

23) Does the source of water change depending on the season (Describe)?

NO YES

24) How much time per day is spent collecting, walking to, or accessing water?

Minutes/hours

25. Do you have any system at community level to cope the disasters(could be multiply answers, if needed-click more than one)	
Fire brigade	Community based Disaster preparedness plan
Early warning group and equipments	Evacuation route and evacuation place
Trained people on FA	Trained people on PSP
Police station	Team to raise awareness/dissemination

26. Do you participate in any drills in past?	
Yes	No

27. What kind of preparedness plan you have at your home to cope natural disaster?

28. What kind of preparedness plan you have at your home to cope health hazards?

Table-3

Programme Coordinator needs to do a consultative discussion with all together with Township Executive Committee to fill this part of the template.

1. Township Red Cross Branch has(Click the box)

Own office	Rented Office	Accommodated office	Others

2. Township Branch telephone number-

3. Total volunteers in Township Red Cross?

4. Total trained volunteers in Township Branch

sn	Trainings	
1	FA	
2	ERT	
3	NDRT	
4	PSP	
5	WATSAN	
6	Logistics	
7	Others----	

5. Full time staff in Township Branch. If Yes How many?

Yes	No

6. What kind of activities Township Branch is doing by own resources?

7. What kind of programmes Branch does have at this moment?

8. Township Branch income source and yearly income

9. Major challenges and problems

10. What kind of support Township Branch want from this programme? List the items in possible extends.

Furniture	Equipments	Renovation and maintenance	Income generating activities(needs details- what, how and where)	Others

**Your provided information would have very valuable result for our CBDRM implementation.
Thanks you very much for your participation!**
