	5	Typhoon Ketsana, Philippines
2010	6	Pakistan Floods
2011	2	Typhoon Haima - Laos
	2	Washi, Philippines
<b>Total</b>	<b>96</b>	

RDRT  
Update

# Direction of travel

- By 2014, RDRT to be recognized as a professional and efficient disaster response tool as a part of the global IFRC disaster response system

**Key Objective:** Members trained with standardized tools and procedure to facilitate effective mobilization and operation in the field. All ACTIVE RDRT members have knowledge and skills to undertake:

- Primary assessment
- Develop operational planning
- Conduct relief distributions

RDRT  
Update

# RDRT and National Societies

- q Part of the surge capacities owned by the National Society and composed of NS trained personnel supported by Federation.
- q Complementary to National Society emergency response tool

# RDRT and the Federation

- q SEARD/CSRU responsibility through well defined roles to ensure success for well-developed RDRT
- q Essential elements include:
  - § Good maintenance of a roster system
  - § Development of standard training curriculum and trainings
  - § Constant taskforce to lead the process and update the focus of RDRT in the changing context

RDRT  
Update

## Way Forward

# Standardization of Roster Categories

Category	Definition
<b>I</b>	<b>Qualified RDRT team member and ready for deployment: Passed RDRT Induction training; assessed (including re-assessment after deployment) and recommended for deployment</b>
<b>II</b>	Passed RDRT Induction training; yet to deploy/assess
<b>III</b>	Passed RDRT Specialist training; did not pass/not yet taken RDRT Induction training
<b>IV</b>	Attended RDRT Induction training, failed in assessment or re-assessment after deployment but still have potential for follow up training
<b>V</b>	ERU trained personnel, requires RDRT Induction training

RDRT  
Update

## How do we do it?

- q Full review of SEA RDRT
- q Keep only category one maintained

Target optimal number to be maintained for Category I  
for South East Asia

Induction (relief)	Health	Logistics	IT & T	WatSan	Shelter	Total
60	10	10	2	10	10	<b>102</b>

RDRT  
Update

## Maintaining high skill sets and common assessment standards

**q** Focus for 2012-2014 to develop high-quality, up-to-date training curriculum that can be adapted to local contexts.

**q** Development of common assessment standards for trainings and performance during disasters

## Deployment – terms and conditions

- q Standard pre-deployment agreements (including the agreement to release staff/volunteers on roster and accepting RDRT deployment) should be signed between National Societies and the Regional delegations
- q The agreement will serve to systemize and facilitate timely RDRT deployment across the region and beyond if need be.

# Hand in Hand

RDRT  
Update

SEA NSs

Federation

- Selects/review candidates /members for RDRT Trainings
- Facilitate smooth (efficient & timely) RDRTs deployment
- Facilitators for RDRT trainings
- Joint development

RDRT

- Facilitate joint RDRT review with NS
- Standard Training Curriculum /trainings
- RDRT roster management
- joint development

RDRT  
Update

# Thank you
