

## Current activities

1. policies – endorsed by leaders
2. Focal Points – awareness to branches connection to other stakeholders
3. Stand alone programmes– eg – disability inclusion.
4. Mainstreaming approach. Target groups based on needs assessment. The needs assessment can assist us in making tailored made programmes.
5. G&D is a cross cutting issue with shared responsibility in the NS. Not just relying on the focal point on the G&D but all level.
6. Monitoring & tracking of achievements.

## Priorities

1. to increase women's representation in governance
2. translate the document "G&D organizational assessment" into local language and conducting the assessment.
3. Develop, monitor & tracking indicators of achievement of the National Society.
4. We could treat G&D as one of the channel to increase advocacy to other NGOs and govt authorities ie auxiliary role  
Sharing RC experience with other partners (RC roles\_. Becoming leading players in country.)
5. include G&D in the NS constitution & policies & ensuring dissemination.  
Need to have the political will of the decision makers within the NS.
6. Anti harassment guidelines / code of conduct / child protection –
  - (a) implement within the NS.
  - (b) raise awareness &
  - (c) ensure compliance including reporting mechanisms
7. Need to refer to Resolution 3 of the 32<sup>nd</sup> IC to prioritise the prevention and response of GBV in National Societies and including referral systems for GBV.
