

Integrated School Safety Approach

Red Cross Red Crescent Youth
in School Safety Programme
Facilitators' Guide | Pilot Version

“Of the best leader, when the
job is done the people say
‘we did it ourselves.’”

*Facilitator's Tool "Youth in School Safety" (YSS)
was designed for a purpose of*

- Youth Empowerment at schools to be facilitators
- To Strengthen the bonds between school children & Red Cross Red Crescent youths (RCY), teachers and parents in their specific roles in school safety
- To Equip them with basic knowledge and skills for School Based Risk Reduction.

Recommendation to the school safety approach

- Endorse and further support children and youth to lead the school safety action.
- Recognize the importance of the youth empowerment and include our Youth in school safety toolkit as a key tool for ASEAN youth engagement in school safety and provide greater support and appropriate resources into them.

School Safety Mapping

- Launched on January 2017
- Provide a framework for evidence-based visibility on (1) Role of National Society & (2) Advocacy work to ASEAN Safe School Initiatives (ASSI)
