Emergency WASH: Online course 2019

(Registration required)

Emergency WASH is an online course for staff and volunteers who want to raise their knowledge and awareness on the main principles and key competences required to deliver effective WASH responses following disasters.

What: Over a series of interactive webinars, the course will cover the introductory theory behind why and how we deliver Water Sanitation and Hygiene Promotion to those in need. The course will be delivered by experienced WASH resource persons within the RCRC Movement.

To be nominated by your National Society to this year's Emergency WASH surge training hosted by the IFRC, you must successfully complete this online training.

When: Webinars: Wednesday **April 03rd**, Wednesday **April 15th**, Monday **April 29th**, Monday **May 6th** and Monday **May 13th**. All at 1600 hrs Kuala Lumpur Time. Webinars will also be recorded for access at any time by participants who are unable to join at the time of the "live" connection.

Who should attend: Anyone interested in expanding their knowledge on Emergency WASH, and those interested in attending the face to face regional Emergency WASH training scheduled from 24th until 28th June 2019.

How: Register [here](#) by **March 15th**.
