GUIDELINE ON
THE ROLE OF THE INTERNATIONAL INSTITUTIONS AND
FOREIGN NON-GOVERNMENT ORGANIZATIONS DURING
EMERGENCY RESPONSE

JUNE 2014

Regulation of Chief of BNPB
No. 22 Year 201
Directives of President

- Local government at district level is responsible for disaster management at its region.
- Provincial government gives support to local government.
- National government supports extreme assistance.
- To involve Military & Police
- Disaster Management should be carried from the earliest phase of disaster.

Principles

- International assistance will be needed if national entity does not have sufficient resources to respond to a disaster.
- International institutions and foreign NGOs may conduct on-site learning but without operational measures on responding disaster.
- International assistance will be commenced by accepting regional disaster management institution assistance.
On-going Review on Regulation of Chief of BNPB
No. 22 Year 2010
International Assistance Facilitation

Regulation

Facilitation *)

Type and amount of assistance is based on the results of rapid assessment coordinated by Incident Commander and informed by MAC Coordinator.

Structure Organization

Structural organization from national level to the affected district level will be set up to ensure maximum national capacity will be utilized.

*) Coordinated by MAC, for execution/implementation under IC Command & Control.
