(2) A failure to comply with subsection (1) does not affect the validity of the dispute resolution scheme.

182 Approval and publication of dispute resolution scheme
(1) After developing a dispute resolution scheme in accordance with this subpart, FENZ must apply to the Minister for approval of the scheme.
(2) Before approving a dispute resolution scheme, the Minister must be reasonably satisfied that—
   (a) FENZ has developed the scheme in accordance with this subpart; and
   (b) the scheme is consistent with the principles set out in section 179.
(3) The dispute resolution scheme comes into effect on the Minister’s approval being notified in the Gazette.
(4) FENZ must publish a copy of the rules of the approved dispute resolution scheme on an Internet site maintained by, or on behalf of, FENZ.
(5) The rules of the approved dispute resolution scheme are a disallowable instrument, but not a legislative instrument, for the purposes of the Legislation Act 2012 and must be presented to the House of Representatives under section 41 of that Act.
(6) The Minister may approve a variation to the rules of the approved dispute resolution scheme or the revocation and replacement of those rules (and sections 178 to 181 and subsections (1) to (5) apply with all necessary modifications to a variation or replacement).

(a) requiring a party to comply with the rules of the dispute resolution scheme; or
(b) to give effect to any resolution that is binding under section 180(3).
(2) If an order of an adjudicator or any other decision maker made under the dispute resolution scheme requires a party to pay an amount to any person, that order may be enforced as if it were a judgment by the District Court for the payment of that amount to that person.
(3) If the District Court is satisfied that the terms of the resolution of a dispute under the dispute resolution scheme are manifestly unreasonable, the court may modify the resolution before giving effect to it.
(4) Subsection (3) overrides subsections (1) and (2) and section 180(3).

29 Review relating to levy for transitional period

(1) The Minister must, before the commencement of the 2017/18 financial year, estimate the amount of FENZ’s net costs for the 2017/18 financial year.

(2) For the purposes of subclause (1), FENZ’s net costs for the 2017/18 financial year are—

(a) its estimated direct and indirect costs of performing functions and duties and exercising powers under this Act or any other enactment that will arise in the 2017/18 financial year; less

(b) any estimated income that FENZ will receive in the 2017/18 financial year from any source other than the levy.

(3) The Minister must then determine the portion of FENZ’s net costs for the 2017/18 financial year that must be met by levy.

(4) The Minister must then recommend the making of regulations under clause 27 to recover, in the 2017/18 financial year, the portion of FENZ’s net costs for
the 2017/18 financial year that the Minister has determined are to be met by levies.

(5) If the transitional period continues beyond the close of 30 June 2018 (because sections 80 to 140 commence later than 1 July 2018), the levy rate or rates prescribed in regulations made under clause 27 in accordance with a recommendation made under subclause (4) continue to apply until the end of the transitional period.

(6) However, the Minister may, at any time during the transitional period, recommend the amendment of the regulations if the Minister is satisfied that—

(a) actual net costs in the transitional period are likely to vary significantly from the estimate of net costs under subclause (2) on which the regulations were based (after that estimate has been adjusted to reflect the expected length of the transitional period); and

(b) the persons likely to be substantially affected by the amendment, or their representatives, have been consulted.

30 Consultation relating to levy for 2017/18 financial year

(1) The Minister must be reasonably satisfied that subclauses (2) to (4) have been complied with before the Minister makes a recommendation under clause 27(1).

(2) FENZ must consult the persons that FENZ considers are likely to be substantially affected, or their representatives, about—

(a) the proposed regulations; and

(b) the activities that FENZ proposes to undertake in the 2017/18 financial year.

(3) FENZ must publish a notice that—

(a) describes the activities that FENZ proposes to undertake in the 2017/18 financial year; and

(b) sets out the estimate of FENZ’s net costs and the proposed rates of levy; and

(c) sets out the methods and any assumptions leading to the estimate and to the proposed rates of levy; and

(d) invites written comments, to be provided to FENZ in the manner and by the date specified in the notice, on—

(i) the activities that FENZ proposes to undertake in the 2017/18 financial year; and

(ii) the rates of levy.

(4) FENZ must consider any comments received under subclause (3).

(5) Regulations made under clause 27 are not invalid on the grounds that—
(a) subclauses (2) to (4) of this clause were not complied with before the Minister recommended the making of the regulations; or
(b) the consultation carried out was about a specific rate or specific rates of levy that differ from the rate or rates set in the regulations.

31 Pre-commencement review and consultation
Clauses 29 and 30 are satisfied in relation to regulations made under clause 27 if action of the kind described in those provisions was taken before their commencement to facilitate the making of the regulations.

32 Confidentiality of information and documents
(1) Section 97(2) and (3) applies to—
(a) information and documents provided to FENZ under this subpart:
(b) information derived from information and documents referred to in paragraph (a).
(2) Section 98 applies to information and documents provided to FENZ under this subpart and published or disclosed under section 97(2)(c), (d), or (e) (as applied by subclause (1)).

(a) it was approved under section 21C of the Fire Service Act 1975; and

(2) For the purposes of subclause (1), every reference to the National Commander in sections 21C to 21I of the Fire Service Act 1975 must, unless the context otherwise requires, be treated as if it were a reference to FENZ.

37  **Previously approved permits for lighting of open fire**

A permit for lighting of open fire is to be treated as having been approved under regulations made under section 190 if—

39  **Requirement to remove fire hazards**

Despite their repeal by section 200, sections 183 and 184 of the Local Government Act 2002 (which relate to the removal of fire hazards) continue to apply to—

(a) any notice that was given under section 183(1), or any request that was made under section 183(2), of that Act before 1 July 2018; and

(b) any right, obligation, or other matter relating to such a notice or request.

(1) This clause applies to any bylaw that—
(a) was made or had effect under section 146(c) of the Local Government Act 2002; and

(2) Despite the repeal by Schedule 2 of sections 146(c) and 153(1)(e) of the Local Government Act 2002,—
(a) every bylaw to which this clause applies continues in force as if section 146(c) had not been repealed; and
(b) whilst such a bylaw is in force, section 153(1)(e) of the Local Government Act 2002 continues to apply to the bylaw as if section 153(1)(e) had not been repealed.

Levy relief in period ending with close of 30 June 2025

41 Interpretation in clauses 42 to 44

In clauses 42 to 44, words or expressions have the meanings given in Part 3 of this Act.

42 Levy relief in period ending with close of 30 June 2025

(1) The Governor-General may, by Order in Council made on the recommendation of the Minister, make regulations providing for exemptions from the levy in relation to the whole or part of the period that commences on the date on which sections 80 to 140 commence (in accordance with section 2) and that ends with the close of 30 June 2025.

(2) Regulations made under subclause (1) must specify—
(a) the policyholders or the classes of policyholder who may qualify for an exemption (in whole or in part) from the levy (specified policyholders):
(b) the circumstances in which a specified policyholder may qualify for an exemption (qualifying circumstances):
(c) the property to which an exemption may apply (for example, a type or types of property or the property of a specified policyholder that is under or over a certain threshold of amount insured) (specified property):
(d) how the amount of an exemption may be determined:
(e) any conditions that attach to an exemption.

(3) The regulations may specify the qualifying circumstances by specifying a formula that defines the qualifying circumstances.

(4) The formula may include a variable or variables based on—
the amount of levy the specified policyholder paid in the transitional period in relation to the policyholder’s specified property (or, if levy was not payable in respect of the property in that period, the amount that the policyholder would have paid in the transitional period had levy been payable in respect of the property); and

(b) the amount of levy that the specified policyholder would, in the absence of an exemption under regulations made under this clause, pay in levy in relation to the policyholder’s specified property in any period falling within the period commencing on the date on which sections 80 to 140 commence and ending with the close of 30 June 2025.

(5) For the purposes of specifying how the amount of an exemption may be determined, the regulations must—

(a) specify a formula for the calculation of the amount of the exemption; or

(b) provide for the amount of the exemption to be agreed between FENZ and the specified policyholder.

(6) If the regulations provide for exemptions by agreement, the regulations must specify—

(a) the maximum amount of levy or maximum proportion of levy that may be the subject of an exemption by agreement;

(b) any matters to which FENZ must have regard in considering whether to agree to an exemption.

(7) In this clause, transitional period has the meaning given in clause 24(1).

43 Minister’s recommendation under clause 42

(1) The Minister may recommend the making of regulations under clause 42 only if the Minister is satisfied that the regulations are necessary or desirable to ensure that the specified policyholders are not subject to an unreasonable burden because of any increase in the amount of levy payable by the policyholders as a consequence of the commencement of Part 3 (and the calculation of the levy amount on the amount insured or the declared value of property rather than on the basis set out in section 48 of the Fire Service Act 1975).

(2) The Minister may recommend the making of regulations under clause 42 only after having regard to—

(a) the purpose set out in section 80; and

(b) the likely effect of the exemption on the cost-effectiveness and efficiency of the administration of the levy and Part 3 of the Act.

(3) If the Minister recommends the making of regulations under clause 42, the Minister’s reasons must be published together with the regulations.

(4) Before recommending the making of regulations under clause 42, the Minister must—
consult the persons that the Minister considers are likely to be substan-
tially affected, or their representatives, about the proposed regulations; and
(b) publish a notice that describes the proposed regulations and invites writ-
ten comments on the proposed regulations; and
(c) consider any comments received under paragraph (b).

(5) Regulations made under clause 42 are not invalid on the grounds that subclause (4) of this clause was not complied with before the Minister recommended the making of the regulations.

44 FENZ’s consideration of exemption by agreement
If regulations made under clause 42 provide for the amount of an exemption to be agreed between FENZ and a specified policyholder, FENZ must, in considering the amount of an exemption to agree with a specified policyholder, have regard to—
(a) the increase in the amount of levy payable by the policyholder as a con-
sequence of the commencement of sections 80 to 140; and
(b) the extent to which paying the increased amount places an unreasonable burden on the policyholder; and
(c) any other matter specified in regulations made under clause 42.

Taxation

45 Application
(1) This clause and clauses 46 to 51 apply for the purposes of the Inland Revenue Acts when, in relation to a transfer under this Act, an asset of an entity (the transferring entity), whether a terminating or continuing entity, becomes the asset of FENZ.

46 General treatment
(1) The transferring entity and FENZ are treated on and after the date of transfer as if they were the same person.

48 Valuation of assets
(1) If the income derived from an asset that is a financial arrangement, trading stock, or revenue account property is not exempt income of a transferring entity and is exempt income of a receiving entity, the transferring entity is treated as having disposed of the asset on the date of transfer at its market value on that date.
(2) If the income derived from an asset that is an item of depreciable property is not exempt income of a transferring entity and is exempt income of a receiving entity, the transferring entity is treated as having disposed of the property on the date of transfer at its adjusted tax value on that date.

49 Charitable status
When a transferring entity is deregistered as a charitable entity under the Charities Act 2005 as a consequence of changes made under this Act, sections CV 17 and HR 12 of the Income Tax Act 2007 do not apply in relation to the transferring entity.

50 Association
A person is not associated with another person for the purposes of sections CB 6 to CB 15 of the Income Tax Act 2007 merely through the application of clauses 45 to 49.

51 Goods and services tax

(2) Subject to subclause (1), for the purposes of calculating the amount of tax payable, or input tax deductible, on the transfer of an asset described in subclause
(1), the transferring entity and FENZ are treated on and after the date of transfer as if they were the same person.
